Camp Placement Policies

Please note that we offer weekly enrollment and some of our teachers do not work year round and/or take extra vacation time in the summer. Camp teachers and children in each camp vary from week to week. We are unable to guarantee requests for specific teachers and/or requests to place children in a particular camp classroom together. We are unable to guarantee a transfer of a child to a different camp due to a specific teacher or child being in another camp. We are unable to provide credits or refunds due to a child not having a particular teacher for camp or being in a particular camp classroom with another child. By enrolling in camp, families acknowledge and agree to these camp placement policies.
